RTM: FROM BACKBONE TO GROWTH ENGINE

RTM IS NOT JUST HOW WE MOVE PRODUCTS. IT'S HOW WE MOVE GROWTH.

It's how we
***BUILD
RESILIENCE.***

It's how we
***WIN TRUST IN
THE LAST MILE.***

it's how we
***OUTPACE
CHANGE.***

THREE IMPERATIVES TO **STRENGTHEN** **RTM**

1

**PUT THE
CONSUMER,
NOT THE
CHANNEL,
AT THE CENTER**

2

**MAKE
RTM
INTELLIGENT,
NOT JUST
EFFICIENT**

3

***BUILD
ECOSYSTEMS,
NOT
JUST
CHANNELS***

WHAT LEADERSHIP MUST RETHINK

*To the CEOs, CIOs,
Sales and Supply Chain
Heads in this room—I
offer four provocations*

1

***DON'T
DIGITIZE
PARTS OF RTM.
DIGITIZE THE
THINKING.***

*From planning to execution,
RTM needs an end-to-end
digital mindset.*

2

**STOP MANAGING
THE ROUTE.**

**START
DESIGNING
THE JOURNEY.**

*Consumer-centricity is not
a slogan—it's a structure.*

3

***LOOK BEYOND
COST SAVINGS.***

***MEASURE
TRUST, SPEED,
FLEXIBILITY.***

*In fast-moving markets,
agility outperforms
optimization.*

4

**INVEST NOT
JUST IN
TRUCKS
OR TOOLS—
*BUT IN TALENT.***

*RTM resilience starts with
field teams who think like
brand owners.*

**A
WEST
AFRICAN
RTM
RENAISSANCE**

**HOW
DO
WE
DELIVER
VALUE
SMARTER?**

**HOW
DO
WE MAKE
EVERY
ROUTE A
RELATIONSHIP?**

**HOW DO
WE MAKE
RESILIENCE
NOT A
REACTION,
BUT A
BUILT-IN
STRENGTH?**

**WEST AFRICA IS NOT A
MARKET TO BE MANAGED.
IT IS A FUTURE TO BE
CO-CREATED.**
